IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.

WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, and this may occur while they are watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch their children play video games. Stop playing and consult a doctor if you or your child has any of the following symptoms:

**Convulsions
Altered vision**

**Eye or muscle twitching
Involuntary movements**

**Loss of awareness
Disorientation**

- To reduce the likelihood of a seizure when playing video games:
 1. Sit or stand as far from the screen as possible.
 2. Play video games on the smallest available television screen.
 3. Do not play if you are tired or need sleep.
 4. Play in a well-lit room.
 5. Take a 10 to 15 minute break every hour.

WARNING - Radio Frequency Interference

The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.

- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.
- If you have a pacemaker or other implanted medical device, do not use the wireless feature of the Nintendo DS without first consulting your doctor or the manufacturer of your medical device.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and on board aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. Parents should monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists, arms or eyes become tired or sore while playing, or if you feel symptoms such as tingling, numbness, burning or stiffness, stop and rest for several hours before playing again.
- If you continue to have any of the above symptoms or other discomfort during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.

If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.

To avoid battery leakage:

- Do not expose battery to excessive physical shock, vibration, or liquids.
- Do not disassemble, attempt to repair or deform the battery.
- Do not dispose of battery pack in a fire.
- Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.
- Do not peel or damage the battery label.

Spells

During your adventure, you'll learn how to cast many different spells, including *Reparo* and *Reducto*.

- **Reparo** Repairs broken objects and builds LEGO objects. To cast *Reparo*, tap the object you want to cast on using your stylus. (Once the object has been selected, it will be surrounded by a magical glow.) Now, with your stylus, follow the spell glyph and draw two circles on the screen then lift the stylus from the Touch Screen. This will build the object.
- **Reducto** Blows up opponents and LEGO objects. To cast *Reducto*, use your stylus to quickly draw a line from your character towards the object you want to hit. You don't have to draw a line all the way to your target, but simply make a quick strike in that direction.

You'll also be able to interact with special objects—such as rotary switches and plinths.

- **Rotary switches** Strong characters can use rotary switches to open heavy gates and move heavy objects.
- **Plinths** Goblin plinths can only be activated by goblins and house-elves. Activating a plinth may trigger a task of some kind. There are also Teacher and Prefect plinths.

- **Red Brick Cheats** Allows you to toggle Red Brick Cheats.
- **Options** Allows you to adjust the volume for music and sound effects.

Map

The map shows the layout of the current game area and you can use it to help you solve puzzles.

The Room of Requirement

There are lots of things to do in the Room of Requirement. You can purchase items from Fred and George's shop area, create customized characters for use in Free Play, or look at the statues you've collected.

Accessing Levels

These four doors allow you to access the four different game 'years'. Walk through a door and select the level you want to play. If you have already completed the selected level, you will be able to choose between the Story Mode and Free Play Modes.

Character Customizer

Use the Character Customizer to create unique characters for Free Play. The more characters you unlock and purchase, the more character pieces you'll have to choose from.

LEGO Studs

Use LEGO studs to purchase items from Fred and George's shop in the Room of Requirement. You'll find studs scattered throughout game levels, but you'll also receive them for completing puzzles and destroying certain objects.

Golden Wizard Hats

These hard-to-find hats will be hidden in various locations. If you collect enough golden wizard hats, you will unlock Spell-it statues (which you can view in the HUB).

Red Bricks

You'll find Red Bricks hidden in many different places. Red Bricks unlock special extras (such as stud multipliers and special abilities), which you can then purchase in Fred and George's shop area. You can activate and deactivate special extras by visiting the Red Brick Cheats tab in your Satchel.

Character Tokens

During the course of the game, you may come across hidden character tokens. Once a character token has been found, the relevant character will become available in Fred and George's shop area in the Room of Requirement and the player can purchase them using studs.

Free Play

Once you have completed a level in Story Mode, you can go back and replay it in Free Play. Free Play allows you to take a party of characters into a level and access rooms and areas which may have been inaccessible to you during the Story Mode.
